## I. INTRODUCTION

This report consists of an inventory of projects permitted under the Department's Underground Water Storage, Savings and Replenishment program. The "Permitted Projects" section provides brief descriptions of existing projects and cross-index of active permits as well as an inventory of all permits that were issued this quarter.

Each section of this report is divided into sub-sections for each Active Management Area (AMA) and for all projects outside AMA boundaries. If you have any questions regarding permitted projects or in-process applications, please contact the Recharge Program Coordinator or any of the following members of the Recharge Team:

<b>Program Manager</b> (520) 771-3800	<b>John Bodenchuk</b>
